Job Description

PPT is seeking candidates with expertise in facilitating and implementing Capability Maturity Model Integration (CMMI) based process improvement initiatives across organizations and in support of systems and software engineering projects.

Typical Duties include:

- ▲ Conduct mapping of existing organizational practices against process models, e.g., CMMI-DEV, CMMI-ACQ, etc.
- ▲ Identify organizational strengths and areas for improvement against the models
- ▲ Develop process improvement action plans
- ▲ Facilitate organizational process improvement efforts
- ▲ Improve and document organizational processes and associated artifacts
- ▲ Interact with organizational senior management for recommendations/decision making, status briefings, and organizational policy definition
- ▲ Establish measurement programs
- ▲ Train organizational processes and best practices
- ▲ Mentor projects in use of new processes
- ▲ Support multiple organizational groups simultaneously
- ▲ CMM/CMMI expertise is required
- ▲ A Software Engineering background is an additional benefit

Requirements

Education: Bachelor's Degree
Additional Skills: Effective written and verbal communication, organizational skills, MS Office, MS Project
