SOLUTIONS

Working Together for Optimum Performance

## Services

### Systems/Software Engineering

System/Software Integrity

Information Systems Management

Business Process Engineering

### System/Software Safety

- ▲ Military and Civilian development and verification efforts
- ▲ Specializing in DO-178B up to Level A
- ▲ MIL-STD-882; SAE ARP 4754/4761
- ▲ FAA Designated Engineering Representative

### Airworthiness/Certification Support

- ▲ GAP Analysis and Compliance
- ▲ Aviation, Avionics, Flight Controls, Engine Controls
- ▲ FAA Certification Credentials

### Product Development

- ▲ Automated Testing Tools
- ▲ System/Software Requirements Specifications
- ▲ System Architecture Analysis
- ▲ Software Development
- ▲ System Development
- ▲ Formal Methods

### Training

- ▲ DO-178B
- ▲ Engineering Best Practices
